EXPLANATORY NOTE

*(This note is not part of the Instrument and does not purport to be a legal interpretation.)*

Sections 4 (2) and 5 (2) of the Misuse of Drugs Act 1977 as amended, require provision to be made in Regulations to allow the use for medical purposes of the drugs specified in the Schedule to the Act.

That obligation is removed, however, in the case of any such drug which is designated by order under section 13 of the Act as a drug to which that section is to apply. This Order designates for that purpose the drugs specified in the Schedule to the Order since it would not be in the public interest that they should be so available.
