LOCAL Recommendations	
HSE REGION South	Catchment South Tipperary
Date 25/01/10	Completed by;
Chapter 5	Recommendation : 5.1

Chapter 5: Fostering well being; Mental health promotion

Sufficient benefit has been shown from mental health promotion programmes for them to be incorporated into all levels of mental health and health services as appropriate. Programmes should particularly focus on those interventions known to enhance protective factors and decrease risk factors for developing mental health problems.

Recommendation Completion in this Area (Tick Box)

Vision for Change Independent Monitoring Group Report for Jan 2010

LOCAL Recommendations	
HSE REGION South	Catchment South Tipperary
Date 25/01/10	Completed by;
Chapter 9	Recommendation 9.1

Chapter 9 - The Community Mental Health Team (CMHT)

To provide an effective community-based service, CMHTs should offer multidisciplinary home-based treatment and assertive outreach, and a comprehensive range of medical, psychological and social therapies relevant to the needs of service users and their families. Each multidisciplinary team should include the core skills of psychiatry, nursing, social work, clinical psychology, occupational therapy. The composition and skill mix of each CMHT should be appropriate to the needs and social circumstances of its sector population.

Recommendation Completion in this Area (Tick Box)

Fully Implemented	<input type="checkbox"/>	Partially implemented	<input checked="" type="checkbox"/>	Not yet commenced	<input type="checkbox"/>
--------------------------	--------------------------	------------------------------	-------------------------------------	--------------------------	--------------------------

Please tick

Please provide supporting factual information

Since Feb 2009 extended working hours service provided (8am-8pm) by CMHT
Skill mix of each CMHT still not complete, no OT's on either team
Plans to develop Assertive outreach/home based treatment team in 2010

Reason for partial completion / not yet

Budgetary constraints
Lack of regional services for dual diagnosis !D, 16-18 yr olds and addictions

Completion Date:	December 2010
-------------------------	---------------

Revised Timescale (commencement and completion dates):	
--	--

Please share the key learning points which have evolved in the implementation of this recommendation

Greater service user and community satisfaction reported.
Increased knowledge and understanding of multidisciplinary roles and the needs and wants of community
Urgent need for increased services in Community and ready access to specialised/regional services for individuals with dual diagnosis such as !D, addictions, also services for Anorexia and 16-18 year olds

Recommend key issues for the consideration of the Independent Monitoring Group

Urgent need for increased services in Community and ready access to specialised/regional services for individuals with dual diagnosis such as !D, addictions, also services for Anorexia and 16-18 year olds
--

Thank You
